

Aimée Fortier – Senior Facilitator & Consultant

Location: Ottawa/Halifax

BIOGRAPHY

Aimée Fortier is a formally trained adult educator, and offers more than 20 years of experience as both an internal and external consultant in the private (high technology), public (municipal government), and independent consulting (private practice) sectors.

Aimée is a graduate of St. Francis Xavier University (Diploma in Adult Education), 1992, and was asked to join the instructional team upon graduating.

Aimée has international and national experience in all aspects of adult learning program development and delivery including:

- the design and execution of needs assessment strategies
- the development of behaviour-based learning objectives
- the design and execution of evaluation strategies (using Kirkpatrick's 4 level evaluation model)
- design and facilitation of experiential learning designs (using Kolb's adult learning cycle and the experiential design model)

Aimée's work focuses in the areas of training trainers, presentation skills, leadership development, and communication skills. Facilitating workshops and earning design are her preferred areas of practice.
