

# Get Started

## Introduce your organization to The Five Practices of Exemplary Leadership®

The core principles and guiding concepts behind The LPI are The Five Practices of Exemplary Leadership®.

- **Model the Way**
- **Inspire a Shared Vision**
- **Challenge the Process**
- **Enable Others to Act**
- **Encourage the Heart**

The Five Practices and The LPI can be implemented independently, as a part of a customized Leadership Challenge program, or integrated into an existing leadership development program.

### As a result of this training, participants are better able to:

- Identify their own leadership strengths and areas for improvement
- Communicate fundamental values and beliefs
- Focus people's efforts on key values through their own actions
- Understand and support their organization's culture, its strategic direction, and their contribution to the company's success
- Inspire others to share a common vision
- Search for opportunities to take the risk needed for growth
- Build collaboration, teamwork, and trust
- Strengthen others' ability to excel
- Recognize the accomplishments of others

**“The Leadership Challenge has lasted, I believe, because  
(1) it is researched based, (2) it is practical and (3) it has heart.”**
